

## Benchmark Results

### Personal Computer

- AMD R7 3700X
- 32GB DDR4-3200 RAM
- Radeon RX 7900 XTX
- NixOS 23.11 Unstable

Compiled using AdaptiveCpp with `-O3` and `-march=native`.

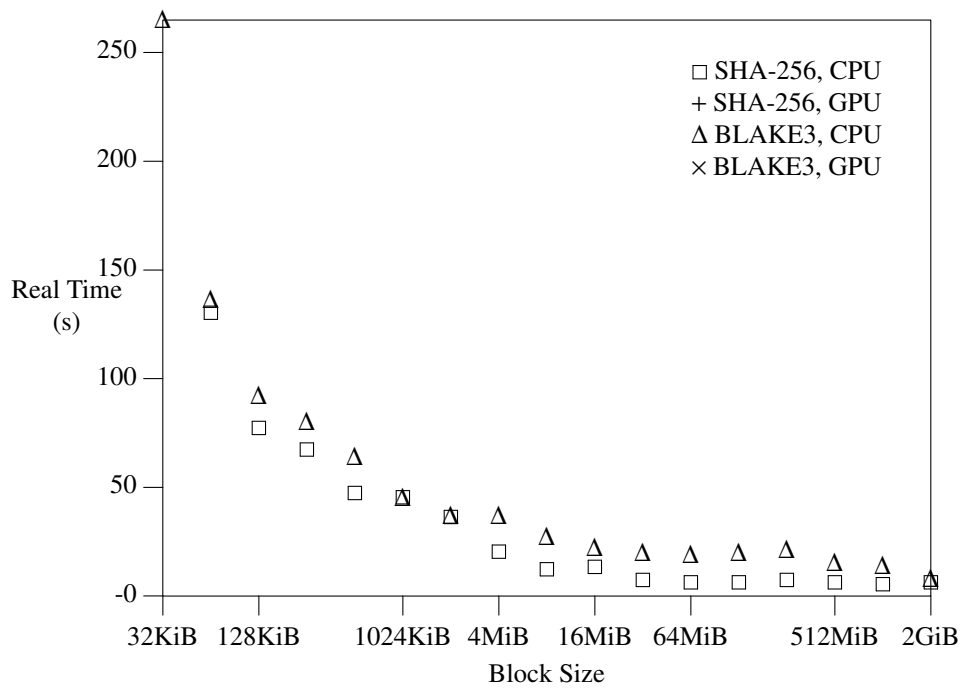

Time to Generate 16GiB of Hashes  
on a Personal Computer

### Mystic Eightsocket System

DataSys Mystic Eightsocket system. Compiled using AdaptiveCpp with `-O3` and `-march=native`. See notes in README.

Time to Generate 16GiB of Hashes  
on Eightsocket

Below is another graph on the same system, but using g++ instead of Clang.

Time to Generate 16GiB of Hashes  
on Eightsocket
